Ref: G.O. Ms. No. 249 F.D. dated 9-3-1949.

p.18 of 7 (B)

1. In their order cited, Government have approved the proposals for starting three production-cum-training centres in Silk Reeling for imparting training to reelers and cookers in the use of an improved type of the Japanese Reeling Machine with a view to improve the quality of Charka silk. Under the scheme it was proposed that each of the three units should have five reeling machines of the improvedtype with a complement of accessories and should be loaned to a selected charka owner in Kollegal Taluk for two years, on the expiry of which period the loanee would be given an option to purchase the machines and accessories at current rates.

2. The statement below shows the dates when the 3 reeling centres in Kollegal Taluk were started and the dates when the period of 2 years expired or will expire.

	Starting Date	Expiry Date
1. Mudigundam Centre	1-11-50	31-10-52.
2. Kamagirai Centre	15-2-51	14- 2-53.
3. Kajjihundi Centre	10- 9-51	9- 9-53.

3. The Sericultural Expert, Kollegal has now reported that the loanees have agreed to purchase the Reeling machines at current rates after expiry of the period of two years and he has obtained their letters of consent agreeing to pay the value in three equal annual instalments without interest. He has also suggested that the original cost of each set of the Reeling Machines which was Rs.1,000/- may be depreciated at the rate of 10% per year and the depreciated value of each set of machines which comes to Rs.810/- at the end of two years be ordered to be collected from the loanees in three equal annual instalments of Rs.270/- each without interest. The rate of depreciation is reasonable and may be accepted. I fully endorse the Sericultural Expert's proposals and request that Government may be pleased to sanction the sale of machineries to the loanees at the depreciated value of Rs.810/- without interest recoverable in 3 equal annual instalments of Rs.270/- each.
